

## Global Business Development (GBD Coin)

Empowering Global Business and Promoting Human Equality through Decentralization

Version 1.0 | September 2024

---

## Abstract

The Global Business Development (GBD Coin) is a decentralized digital asset created to empower global business and advocate for human equality. Originally built on BNB Chain, this version of GBD Coin is deployed on the Avalanche C-Chain. By facilitating cross-border transactions and providing liquidity, GBD Coin ensures stability in volatile markets. Through decentralized financial solutions, GBD supports global peace, happiness, and prosperity, contributing to economic empowerment and social good.

---

## 1. Introduction

Global Business Development (GBD Coin) provides a decentralized solution to the challenges of traditional financial systems, such as high transaction fees and delays in cross-border payments. GBD enables businesses to overcome these barriers while promoting human equality by supporting initiatives that provide resources to underserved communities worldwide.

---

## 2. Mission & Vision

Mission: Promote global peace, prosperity, and human equality by offering decentralized tools to businesses and supporting philanthropic initiatives.

Vision: Become the leading digital asset for global business expansion and social equality, fostering peace and harmony worldwide.

---

### 3. The Problem

Global Business Barriers: High transaction fees, slow payment processing, and limited financial access.

Human Equality Challenges: Economic inequality and lack of support for social causes like peace and education.

---

### 4. The GBD Coin Solution

GBD Coin addresses these problems by offering:

Cross-border payments: Fast, low-cost international transactions.

Humanitarian initiatives: Funding projects advocating peace, equality, and education.

Liquidity stability: Large liquidity pools ensure price stability.

---

### 5. Use Cases

1. Cross-Border Payments: Fast and secure global transactions.

2. Liquidity Pools & Staking: Rewards for staking and liquidity provision.

3. Humanitarian Projects: Support for education and peace initiatives globally.

---

## 6. Technology

GBD Coin is now deployed on Avalanche C-Chain for scalability, security, and low transaction fees.
